Agreement

Article XVII of the State-wide Agreement between the State of New Jersey and the Council of New Jersey State Colleges Locals, AFT, AFL-CIO for July 1, 2007 to June 30, 2011, provides in part the following:

There shall be a Range Adjustment Program at each College/University where full-time librarians are employed. Full-time librarians who meet or exceed the merit-based criteria established for the range adjustments are eligible to be considered for and may apply for a range adjustment within rank. The merit-based criteria will be established by the College/University and published for the understanding of the affected employees. The procedures for consideration will be negotiated between the College-University and the Local Union. The procedures for consideration utilized in the College/University shall be fairly and equitably applied to all applicants and nominees.

The following guidelines, criteria, and procedures have been established by the University to implement the range adjustment program for eligible full-time librarians at William Paterson University.
